OBJECTIVE

I want to use the engineering skills I've acquired over the past 16 years to find an engaging and fulfilling job for an outstanding company with high standards of quality and a strong organizational philosophy.

EXPERIENCE

Nerdery, Chicago, IL — *Senior Software Engineer*

January 2013 – PRESENT

- Created and maintained a variety of websites on the LAMP stack, specializing in back end development with Drupal and Symfony.
- Created front end code in JavaScript and SCSS.
- Implemented DevOps CI/CD using Docker, GitLab, and AWS.
- Created estimates to aide sales in quoting projects.
- Created scopes of work to inform clients and developers of the complete engineering effort expected for projects.

Orbit Media Studios, Chicago, IL — *Lead Web Developer*

February 2010 – January 2013

- Led engineering efforts on projects from start to finish, including estimation, scope of work, front and back end development, task delegation, testing plans, and deployment.
- Full-stack engineer, specializing in Drupal, JavaScript, and CSS.
- Configured SSL Certificates and Apache. Performed DNS transfers.

Little Green Cube, Chicago, IL — *Web Developer*

May 2005 – February 2010

- Built sites using ASP/.NET, Drupal 5, and my own custom PHP framework.
- Developed JavaScript widgets and e-commerce websites.

General Dynamics Electric Boat, Groton, CT — *Mechanical Engineer*

September 2003 – April 2005

- Performed stress analysis of internal submarine structures.
- Collaborated with designers to find feasible solutions to engineering problems.

EDUCATION

Worcester Polytechnic Institute, Worcester, MA — *Bachelor's of Science*

Graduated April 2003

- Concentration in Machine Design
- Cumulative GPA: 3.3

SKILLS

PHP, MySQL, Drupal 8, SCSS,
JavaScript, Git, C#/.NET, Docker,
Node.js, Photoshop

CERTIFICATIONS

Acquia Drupal 8 Grand Master

Earned all Drupal Certifications:

- Drupal 8 Back End Specialist
- Drupal 8 Front End Specialist
- Drupal 8 Developer

HOBBIES

Bicycling: I've taken multi-day tours, through Yellowstone and Wisconsin, camping at night.

Music: I play guitar and sing. I also enjoy dancing and karaoke with friends.

Making: I have built a deck in my backyard with a pergola and hot tub. I also have built a complete arcade cabinet.
